The nutritional information contained in this menu is gathered from resources provided by our suppliers. Furthermore, we also use standardized information obtained through industry nutritional software, publicly available information, and testing which was conducted by third parties with the use of industry standards.

Variations may result from differences in serving sizes, preparation methods, availability of exact ingredients, substitutions, personalized ordering, and supply chain issues. Local, regional, and seasonal variations in the production of our raw ingredients and menu items may also result in variations. Anthony's Pizza & Pasta cannot guarantee the complete accuracy of the nutritional information provided here, on our website; anthonyspizzaandpasta.com or in our restaurants.

2,000 calories a day is used for general nutrition advice, but calorie needs vary. Additional nutrition information is available upon request.
